Aline Lopes Xavier

Front-End & Product Engineer · React · TypeScript · Next.js · AI-assisted development

geral@bylx.dev · bylx.dev · github.com/alinelx · linkedin.com/in/alinelx

Greater Lisbon, Portugal · Portuguese & Brazilian national · EU work authorisation

PROFILE

Front-end developer and creative technologist with hands-on web experience since 2014 and a live Next.js/TypeScript product in production (dark28.pt) and a hand-built vanilla JavaScript portfolio (bylx.dev). Five years at Accenture building internal automation tools (Google Apps Script) for a 40+ person team, writing the specs and documentation that keep them maintainable, and working with QA and engineering liaisons across US/EMEA time zones. BSc Software Engineering in progress (GPA 9.80/10). I use AI assistants (Claude, ChatGPT, Gemini, Cursor) daily as part of my development workflow.

CORE SKILLS

Front-End	HTML5 · CSS3 · JavaScript (ES6+) · TypeScript · React · Next.js (App Router) · Tailwind CSS · responsive design · accessibility · technical SEO & structured data
Back-End & Data	Node.js · REST APIs · SQL · PostgreSQL (coursework) · Python · R · Google Apps Script
Tooling	Git/GitHub · VS Code · Cursor · Vite · Figma · Adobe CC · Hostinger/DNS
Product	Requirements discovery · functional & technical specs · documentation · QA collaboration · Agile teams
Languages	Portuguese (native, PT-PT and PT-BR) · English B2 (C1 comprehension) · Spanish A2 · French A1–A2

PROFESSIONAL EXPERIENCE

Senior Content Review Analyst · Accenture · Lisbon (on-site) · Jun 2021 – present

- Built and maintain Google Apps Script automation (reporting pipelines, Sheets API, scheduled triggers, live Google Sheets dashboards) in daily production use since 2022 by a 40+ person team — cut ~3 h/week of recurring manual work per person.
- Worked daily in the client's internal tracking and documentation tools, in a multinational, cross-time-zone environment (US/EMEA stakeholders).
- Collaborated with QA, policy and engineering liaison teams to refine content guidelines and improve quality metrics, proposing changes based on observed data.
- Defined data structures, validation rules and error handling so reports run unattended; documented datasets, metric definitions and SOPs for the team.
- Senior level since 2025; mentor and first line of support for peers on tools and process.

Web Design Intern · ClickSoft · Rio de Janeiro · May – Sep 2014

- Designed and built client-facing web layouts in an agency HTML/CSS production workflow; produced email marketing, Google Ads creatives and social media content.

PROJECTS

Dark28 — Editorial Web App (live) · dark28.pt · Next.js · TypeScript · React · Tailwind · 2025

Self-guided dark-tourism experience on Lisbon's Tram 28: App Router for editorial SEO and structured data, TypeScript data validation, a single useLocalStorage hook serving four features with no backend, mobile-first.

bylx.dev — Portfolio · HTML · CSS · JS

Canvas pixel-art engine drawn at whole-number scale; greyscale sprites recoloured into day/night palettes; draggable program-style windows; seven-colour design tokens; prefers-reduced-motion support; responsive from 320 px to ultrawide.

bora-viajar — AI Travel Planner · JavaScript · LLM API · github.com/alinelx/bora-viajar

Turns destination, budget, interests and travel style into AI-generated itineraries; structured-response handling and prompt design.

luparoad.com — Freelance client project · WordPress · WooCommerce

Complete digital rebrand for a Lisbon optical clinic: identity, WordPress customisation, WooCommerce set-up, content templates.

EDUCATION & CERTIFICATIONS

- **BSc Software Engineering** — Universidade Estácio de Sá (MEC-recognised, Portaria 504/2025) · 2025–2028, in progress (4th term) · GPA 9.80/10 · 15 subjects passed, including data structures, databases, Python, web development, usability engineering, systems architecture and cloud computing
- **Google Data Analytics Professional Certificate** — Google / Coursera · 2024 · R
- **Cisco IT Support track** — Cisco Networking Academy · four verified badges on Credly (credly.com/users/alinelx): IT Customer Support Basics · Operating Systems Support · Hardware and Upgrade Support · Security and Connectivity Support
- **CET (Technological Specialisation Diploma), Cultural Tourism & Heritage** — Escola de Hotelaria e Turismo de Lisboa · 2020–2022 · EQF 5 · coursework complete, internship pending
- **BSc Design & Visual Communication** — UFRJ, Escola de Belas Artes · 2015–2019 (not completed)
